Allowable Subject Matter

1. Claims 1, 3-8, 12-17 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 3-8, 12-17, the prior art of record fails to show or fairly suggest the method/system for displaying program guide information as variously claimed, particularly, having a plurality of time selection fields on a display for selecting respective incremental time indexes response to receipt of the user action command corresponding to the single action key with the cursor positioned on the time selection field of the respective incremental time index to be selected, the respective incremental time indexes having respective different magnitudes, wherein the plurality of time selection fields includes a page field, a day field, and a date field and wherein the selected incremental time index is a multi-hour incremental time index when the page field is selected, a 24-hour incremental time index when the day field is selected, and a seven-day incremental time index when the date field is selected; and calculating a new time of transmission for display by adding the selected incremental time index to a time value in the current time interval.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
